„Birthday Card for the Teddy Bear”

On the occasion of the holiday of the Teddy Bear, an extraordinary friend of all children, which falls on November 25, we invite children from kindergartens and schools from all over Poland and Europe to give the Teddy bear colorful birthday cards.

„A teddy bear is an inseparable companion of every child. It is a friend with whom we feel safe, with whom we discover the world. It is an image of what is best in every human being. It sends a constant message to us adults that every child has their own rights that should be respected. It also reflects the most important values that determine the path of development of each child” (from the Development Concept of Kindergarten No. 9 in Tychy for 2018-2023).

A brief historical overview:

World Teddy Bear Day was established exactly on the centenary of the mascot - in 2002. It all started much earlier, however. In 1902, the President of the United States, Teodor Roosevelt, went hunting. After several hours and no success, one of the president's companions shot a baby bear and took him to Roosevelt. The president, seeing the terrified animal, ordered it to be released immediately. One of the witnesses to this event immortalized the story of a bear in a drawing in a Washington newspaper, which was read by a toy manufacturer ... From that moment, the diminutive name of the president was used and mascots were sold under the name Teddy Bear, which today in English is the term for all plush toys.
